Dear Resident/Business

The purpose of this leaflet is to let you know the outcome of the statutory consultation carried out in March/April 2012, and to inform you of the Council’s decision on the proposed ‘GC’ Controlled Parking Zone (CPZ) extension, which include Deal Road, Eastbourne Road, Frinton Road, Gunton Road, Hailsham Road, and parts of Links Road (62-170) and (43-133) and Seely Road (56-134) and (71-159). I am writing to inform you that the works will start shortly, which will be carried out by F M Conway Ltd on behalf of the Council.

Only the roads or part of roads mentioned above will be affected by the scheduled works and permit applications.

Date and Time of Works

It is anticipated that the works will start the week commencing 2nd July 2012 for a period of 2 weeks. The lining and signing work should take 7 - 10 working days to complete, weather permitting. Work will be carried out between 9am and 4.30pm. To allow the works to be carried out as quickly as possible, temporary parking restrictions will be introduced. “No Parking” cones and signs will be in place to indicate the areas where parking would be prohibited. While work is being undertaken in your street, we request that you park in the existing GC CPZ and display the yellow card provided on the dashboard of your vehicle (If you have more than one car, please find alternative parking space in the local car parks). By doing so, this will keep the roads free of parked vehicles to allow a smooth transition of the works.

Vehicles would be allowed back onto the road once the lining work is complete or after the working day. Offending vehicles run the risk of receiving a fine and possible relocation, should they park during the restricted times. Notices and cones will be placed in your road 12 – 48hrs prior to work being undertaken. (The work schedule of when your road will be marked will follow in due course).

The information pack on how to apply for your permit will follow shortly. The Council is conscious of the inconvenience and the disruption that this work may cause and will endeavour to keep the impact to a minimum. We apologise in advance for any inconvenience that may be caused by these works.
