Planning consultation - Site plan: RP9

Dear Sir/Madam,

As a parent of Joseph Hood children, I am interested in hearing Merton Council's ideas for redeveloping the Adult Education Site (RP9) on Whatley Avenue, and how it may benefit Joseph Hood Primary School? The school is already constrained in its facilities as it becomes full two form entry from September 2019, so I feel strongly that serious consideration should be made to converting some part of the Adult Education site to the benefit of Joseph Hood Primary, and future generations.

I look forward to hearing from you in due course.

Kind regards,
