## Application for a permit

Local Authority Pollution Prevention and Control  
Pollution Prevention and Control Act, 1999  
Pollution Prevention and Control (England and Wales) Regulations 2000 (as amended)

### Introduction

#### When to use this form

This regime is known as Local Authority Pollution Prevention and Control, LAPPC. Installations permitted under this regime are known as B installations. Use this form if you are sending an application for a 'Part B' permit to a Local Authority under the Pollution Prevention and Control (England and Wales) Regulations 2000 (as amended) ("the PPC Regulations").

#### Before you start to fill in this form

Please read the Defra general guidance manual issued for LA-IPPC and LAPPC. This contains a list of other documents you may need to refer to when you are preparing your application, and explains some of the technical terms used. You will also need to read the relevant sector guidance note, BREF note or Process Guidance note as relevant. The Pollution Prevention and Control (England and Wales) Regulations 2000 can be obtained from The Stationary Office, or viewed on their website at:  
[www.legislation.hmso.gov.uk/si/si2000/20001973.htm](http://www.legislation.hmso.gov.uk/si/si2000/20001973.htm)

#### Which parts of the form to fill in

You should fill in as much of this form as possible. The appropriate fee must be enclosed with the application to enable it to be processed further. When complete return to:

*Environmental Health, 14<sup>th</sup> Floor Civic Centre, London Road, Morden, Surrey, SM4 5DX*

#### Other documents you may need to submit

*There are number of other documents you may need to send us with your application. Each time a request for a document is made in the application form you will need to record a document reference number for the document or documents that you are submitting in the space provided on the form for this purpose. Please also mark the document(s) clearly with this reference number and the application reference number, if you have been given one, which will be at the top of the form overleaf. If you do not have either of these, please use the name of the installation.*

#### Using continuation sheets

In the case of the questions on the application form itself, please use a continuation sheet if you need extra space; but please indicate clearly on the form that you have done so by stating a document reference number for that continuation sheet. Please also mark the continuation sheet itself clearly with the information referred to above.

#### Copies

Please send the original and 3 copies of the form and all other supporting material, to assist consultation.

#### If you need help and advice

We have made the application form as straightforward as possible, but please get in touch with us at the local authority address given above if you need any advice on how to set out the information we need.

## **B1 About the Installation**

Please fill in the table below with details of all the current activities in operation at the whole installation.

### **In Column 1a *Activities in the stationary technical unit***

Please identify all activities listed in Schedule 1 to the PPC Regulations that are, or are proposed, to be carried out in the stationary technical unit of the installation.

### **In Column 1b *Directly associated activities***

Please identify any directly associated activities that are, or are proposed, to be carried out on the same site which:

- \* have a technical connection with the activities in the stationary technical unit
- \* could have an effect on pollution

In **column 2a and b Schedule 1 references**, please quote the Chapter number, Section number, then paragraph and sub-paragraph number as shown in Part 1 of Schedule 1 to the PPC Regulations. For example, *Manufacturing glass where the use of lead or any lead compound is involved*, would be listed as Chapter 3, Section 3.3, Part B(b).

Application Reference:	Officer Reference:	Date received:

**B1.2 Why is the application being made?**

- the installation is new
- it is an existing Part B process authorised under the Environmental Protection Act for which a substantial change is proposed within 4 months of the transitional date and an LAPPC permit is required.

**B.1.3 Site Maps**

Please provide:-

\* A suitable map showing the location of the installation clearly defining extent of the installations in red

Doc Reference \_\_\_\_\_

\* A suitable plan showing the layout of activities on the site, including bulk storage of materials, waste storage areas and any external emission points to atmosphere

Doc Reference \_\_\_\_\_

**B2 The Installation**

*Please provide written information about the aspects of your installation listed below. We need this information to determine whether you will operate the installation in a way in which all the environmental requirements of the PPC Regulations are met.*

**B2.1** Describe the proposed installation and activities and identify the foreseeable emissions to air from each stage of the process (this will include any foreseeable emissions during start up, shut down and any breakdown/abnormal operation)

*The use of process flow diagrams may aid to simplify the operations*

Doc Reference: \_\_\_\_\_

**B2.2** Once all foreseeable emissions have been identified in the proposed installation activities, each emission should be characterised (including odour) and quantified.

- **atmospheric emissions** should be categorised under the following
  - (i) point source, (e.g. chimney / vent, identified by a number and detailed on a plan)
  - (ii) fugitive source (e.g. from stockpiles / storage areas).

<b>LAPPC Application Form: to be completed by the operator</b>

Application Reference:	Officer Reference:	Date received:

If any monitoring has been undertaken please provide the details of emission concentrations and quantify in terms of mass emissions. If no monitoring has been undertaken please state this.

*(Mass Emission - the quantification of an emission in terms of its physical mass per period of time. Eg. Grams per hour, tonnes per year)*

**B2.3** For each emission identified from the installations' activities describe the current and proposed technology and other techniques for preventing or, where that is not practicable reducing the emissions. If no techniques are currently used and the emission goes directly to the environment, without abatement or treatment this should be stated

Doc Reference: \_\_\_\_\_

**B2.4** Describe the proposed systems to be used in the event of unintentional releases and their consequences. This must identify, assess and minimise the environmental risks and hazards, provide a risk based assessment of any likely unintentional releases, including the use of historical evidence. If no assessments have been carried out please state.

Doc Reference: \_\_\_\_\_

**B2.5** Describe the proposed measures for monitoring all identified emissions including any environmental monitoring, and the frequency, measurement methodology and evaluation procedure proposed. (e.g. particulate matter emissions, odour etc). Include the details of any monitoring which has been carried out which has not been requested in any other part of this application. If no monitoring is proposed for an emission please state the reason.

Doc Reference: \_\_\_\_\_

**B2.6** Provide detailed procedures and policies of your proposed environmental management techniques, in relation to the installation activities described.
