Dear Merton Council

I really feel it would be wonderful to have a fabulous concert hall in Wimbledon. We have such fantastic music talent in the borough yet so few of us can hold our concerts in the borough. It's such a shame. A large building like the one proposed could have so many other uses during other times for the benefit of the community.

I believe that the town hall was demolished with a promise that another concert venue would be built but sadly, this has never happened. Now is your chance to change all this!

Doesn't it seem silly to you that Wimbledon High School Choir have to travel to Cadogan Hall to put on their performances? So do Wimbledon Choral Society. All this could happen in Wimbledon improving the cultural facilities for the whole borough. It would be wonderful if this could happen.

Sincerely

G [REDACTED] Atcheson
