Well done for thinking of the future.
But please plan to suit residents not to please planners.
LIMIT BUILDING HEIGHTS TO EIGHT FLOORS.
NO HIGH OR MEDIUM BLOCKS.
I don't want to be another Croydon or a Metropolitan Centre.
And where will all these new office workers live????

Well done for looking ahead.

Two vital points:

Limit building heights to 7 floors. Anything higher is detrimental to the character of Wimbledon and will ruin the attractiveness of the town.

We need a concert hall - we were promised a new concert hall by the Council when the old community centre behind the old Town Hall was demolished.

Please listen to the views of residents and not be sucked into a planners ideal.
