To whom it may concern

We are long term residents in Wimbledon and wish to respond to the draft Masterplan proposals.

We would agree wholeheartedly with the response provided by the Friends of Wimbledon Town centre in their response. We believe that increasing the height of local buildings above 7 or 8 stores is completely out of keeping with the community, with the architectural environment and anticipates a scale of growth that has not been justified.

We believe that this is essentially a metropolitan centre embedded and surrounded by residential communities and future developments must be in line with this
