Subject: Wimbledon town plan

As a longstanding ratepayer of Merton I urge you to have a public consultation on the Town Plans. To not do so is underhand and devious and suggests corruption at a high level. The Estate Agents and Building Firms should not control our future nor unelected government quangos

I do not support the construction of 18 storey tower blocks especially as there is no green or pedestrian relaxed space to support such an intensity of buildings. This does not occur in other cities. You are destroying our future.
