Dear Merton Council

I am a long term resident of Wimbledon Village and a keen supporter of the proposed new concert hall. I have lived and worked in a number of countries and what I remember about them is not their gleaming (or dirty!) office blocks but their galleries, museums, churches - and concert halls. Wimbledon has the chance to join a growing number of cities with world class performing facilities. Allied to its unique 'brand' as the home of lawn tennis, being able to host leading musicians will make our town as important and special (with all the benefits that flow therefrom for tourism and investment) as, for example, Lucerne, Verona or Avignon.

This is an opportunity for people of vision and imagination and I hope our councillors will seize it

Yours Faithfully
