Subject: New Music hall Wimbledon

Dear Planning team at Merton Council,

I would Like you to support the building of a new Music Centre in Wimbledon at the Site of the Morrison's Car Park. It would hugely raise the profile of Wimbledon, especially if we could get Grank Gehri to design it. I am a regular attender of the Wimbledon International Music Festival, which currently housed in 3 churches. Whilst the acoustics of these churches is acceptable, it is not ideal. The church pews are horrendously uncomfortable and technical glitches with the acoustics is unavoidable.

I hope this project will get your approval.

Yours sincerely,

M [REDACTED] Elliott
