Subject: Possible concert hall in Wimbledon

Dear Sir/Madam

I keenly support the building of a concert hall in Wimbledon on the P3 Hartfield Road car park site. I have attended many concerts in the Wimbledon International Music Festival series, both as an audience member and as a volunteer steward. The quality of the performances has been outstanding and the audiences very enthusiastic. I feel sure that a modern concert hall has great potential for attracting more international artistes, for giving expanded opportunities to local performers and acting as a focal point in attracting people to Wimbledon town centre.

Yours sincerely

[REDACTED] Hall
