

This is an update about our Training Courses and what we have available NOW. We have worked at a fast pace to continue the service we provide within our communities by shifting our focus to Online and Classroom with Social Distance learning. This allows us to continue our support to as many of your customers to gain the skills and qualifications they need.

Our blended learning courses are open to unemployed/employed Londoners and Merton residents.

Courses are fully funded, subject to eligibility criteria and can be free for 19+.

- **Introduction to English**
- **Introduction to Maths**
- **ESOL Skills for Life**
- **Personal and Social Development**
- **Principles for Digital Skills in Employment**
- **Principles in Internet Safety**
- **Awareness of Mental Health**
- **Principles of Dementia**
- **Understanding Nutrition and Health**
- **Common Health Conditions**
- **Principles of Prevention and Control of Infection in Health Care settings**
- **Safeguarding, Prevent and British Values**
- **Personal Money Management**
- **Health and Safety in the Workplace**

The courses are fully accredited with nationally recognised qualifications and they take an average minimum of six to twelve weeks to complete on our short courses.

The centre may be open for some learners with no access to computers or the internet with social distancing in place
