

Merton Green Party

Strategic Policy H4.1: housing choice. We welcome the aim in point e, that 50% of new homes should be "affordable". However, we do not agree with the 35% target in point f for sites not on public land. We believe the target for such sites should be at least 40%, as at present. For industrial sites covered by policy H6 B on page 115 of the draft London Plan, the target should be 50%.
