

**Raynes Park Community Forum Meeting
14 September 2017**

Merton 2020

Cllr Mark Allison
Deputy Leader and
Cabinet Member for Finance

The challenges we've faced

- Families want to live in Merton so we need more money to create school places for all children
- People are living longer so we need to spend more money on looking after them in old age
- But our funding from central government has been slashed
- Since 2010, the government have cut **40%** of the funding for local councils
- The budget gap we faced in 2011 was **£70m**

A business-like council

- Agreed our “July Principles” to protect services for the most vulnerable
- Focussed on key priorities:
 - Protect the vulnerable
 - Keep council tax affordable & streets clean
 - Be a great place to grow up & go to school
- Re-engineered the council so more efficient

How we save you money

- Shared Services with other boroughs
- Better deals with our contractors
- Looked at everything the Council does and cut out inefficiencies
- Better use of IT e.g. libraries
- These moves have helped us to protect services and deliver low Council Tax

Adult Social Care

- Our residents are living longer, but as a result there is a greater need for council funded care services – we spend **over £50m**
- Despite government cuts, this year we **increased** funding for adult social care by **over £9 million**
- Gone from one of the lowest spenders on adult social care to above average of comparators

Children's Services

- Welcome medical advances mean more disabled children survive into adulthood, but means increased need for council funded care
- It can cost **£50,000** a year to care for one disabled child
- We pay for children in care up to age 25, including university costs; & unaccompanied asylum seekers
- Increased birth rate means we need to expand schools
- We have added **an extra £1million** to the Children's Services budget this year and for the next few years

Our achievements

Despite the financial pressures, there's lots to be proud of:

- GCSE results up yet again this year
- 4,000 extra primary school places – new classrooms, halls and sports facilities – and new secondary on the way
- Increased the budget for adult social care by £11m
- New family friendly and efficient leisure centre in Morden opening next year
- New library in Colliers Wood opening soon
- New stadium for Wimbledon
- Kept council tax low and parking permits frozen

Environmental Services

- Agreed a joint waste collection contract with Sutton, Croydon and Kingston to save money
- Could save about **£48m** over the life of the contract
- This is money we can use to protect other services and make up for government cuts
- New service will stop the problem of black sacks and open boxes spilling rubbish on streets (responsible for 50% of Merton's litter)

Top marks from our residents

- Record results in this year's residents survey
- **76%** of residents say Merton Council is efficient and well run – highest ever
- **Two thirds** say we're value for money – well above most other councils
- **75%** of residents say the council listens to them and acts on their concerns
- **90%** satisfied with Merton as a place to live

Merton 2020 Vision

- We want to continue to “look after the pennies” and be a business-like borough
- We want to continue to be a great place for families
 - For young people, with great schools
 - For older people, with good quality social care
 - For all the family with great libraries, parks and leisure centres
