

Proposed Speed Cushions Rowan Road

ISSUE DATE : 14 JUNE 2019

Dear Resident

The purpose of this newsletter is to inform you that as part of the Borough's commitment to road safety and in response to complaints about speed, the Council is proposing to introduce speed cushions in Rowan Road between Stanford Way and Manor Road, as shown on the plan overleaf. It is believed these features will reduce speed and the risk of personal injury. Please note that this is the only viable option in reducing speed of vehicles at this point in time and will complement the 20mph speed limit that has recently been introduced.

These features will not affect parking.

What happens next

A Notice of the Council's intention to introduce the above proposed measures will be published in the local newspaper and posted on lamp columns in the vicinity. Comments must be put in writing either by e-mailing trafficandhighways@merton.gov.uk or writing to **Environment & Regeneration Department, futureMerton, Merton Civic Centre, London Road, Morden, Surrey, SM4 5DX**. Comments must be received no later than 5th July 2019, quoting reference Rowan Road Safety.

Upon completion of the consultation, all representations will be reported to the Cabinet Member for a final decision.

Please note that no response will be made to any representations until after a decision has been made by the Cabinet Member.

You will receive an update in due course and the website will be updated accordingly.

Please note that all representations must only relate to the speed cushions.

A copy of the Notice and plan identifying the area affected by the proposal can be inspected at Merton Link, Merton Civic Centre, London Road, Morden, Surrey during the Council's working hours, Monday to Friday, between 9am and 5pm.

A copy will also be available at Pollards Hill Library
