Subject: Concert Hall plans

Dear Council

I would like to put my backing to the proposal for the Concert hall on the Hartfield Rd carpark Site P3.

It is very important as to have this as part of the new plans for Wimbledon as it will encourage people to come to visit the town centre, who will then spend.

Town Centres need to become creative and attractive place to come to to survive and this concert hall fits the plan very well.

B [REDACTED] Nicolas
