Subject: Future Wimbledon Plan

Queens Road Residents Group

Dear Sirs,

We would like our residents' views to be taken into consideration and are all shocked by the 1980s high rise office concept.

1. Wimbledon is a residential area and needs more housing in the town centre with sensitive local shopping.
2. More offices are not needed in our town centre and certainly not high rise of 18 storeys (this is not mid rise).
We wish to keep our historic buildings and the present low rise scale.
3. Well designed buildings are essential, but must be in keeping with our heritage and existing town centre.
4. We agree with the concert hall proposal in the plan, but have little confidence in the realistic idea, considering 25 years
lack of intent after the demolition of the Civic Hall.

Yours sincerely,
[REDACTED] Money
Chair, Queens Road Residents Group
