Subject: A concert hall for Wimbledon

Dear Sir,

I was telling my son only last week the sad story of the loss of Wimbledon's Civic Hall and the Council's inability to provide a replacement, which was part of the original plan.

It is shocking that a place like Wimbledon cannot have its own concert hall. Every time I hear of Wimbledon Choral society having to perform in Southwark or Guildford Cathedral I am reminded of the failure of Merton to get its act together.

Now I hear that it is being discussed again. Please make it happen this time.

I am sure that if you asked the residents for contributions they would support the project. I certainly would. Wimbledon deserves a platform for its many cultural activities.

Yours faithfully,

W [REDACTED] Siemaszko
