Subject: New Concert Hall for Wimbledon

Dear Friends

I understand that you are currently considering the proposal for a musically and architecturally magnificent concert hall in central Wimbledon.

What a superb idea! I live in Putney and would much prefer to travel locally than into central London for concerts, especially as the acoustics will no doubt be stunning. I hope that an organ will be included.

I look forward to hearing that the proposal is going ahead.

Happy 2019 to you all!

G Stricker
