Dear Sir/ Madam

Ref: OBJECTION TO HIGH RISE BUILDINGS IN WIMBLEDON

There is much talk and concern amongst the residents of Wimbledon regarding page 93 of the MasterPlan which shows building heights up to 18 floors!

High rise is unacceptable to residents living overshadowed by these giants. They would also be detrimental to the ethos of historic Wimbledon. Apart from Croydon and West Byfleet, towns in this area are keeping building heights to a sensible number of floor.

High rise would make us a cold, overcast and unwelcoming district, and should these high rise blocks be approved, I would envisage the town centre becoming an unpopular destination and going down hill.

Please register my objections.

Yours faithfully,

L  Thomas
