**Subject:** Concert Hall in Wimbledon

Dear Sir(s)

I am hoping that you can give consideration to the development of a new concert hall in Wimbledon Town Centre.

I believe Merton Council are now consulting on a vision for Wimbledon town centre. As a regular attendee at the Wimbledon International Music Festival I would like express my support for the proposal for the Frank Gehry designed concert hall on the 'P3' Hartfield Road car park site.

This vibrant town centre location has great access to the overground, tube and train station. Plus of course it would make a great addition to our area as you plan in the long term for Crossrail Two etc

Yours faithfully  
B Wiffen
