Allowances and expenses payments made in 2020/21

Councillors with dependents can claim an allowance where it was necessary to pay for care to allow them to undertake council duties, such as attending official meetings. Council, at its meeting on 5 February 2020 approved an amendment to the Members Allowances Scheme so that the dependent carers allowance is set at the London Living Wage. It was previously set at a maximum £6 per hour.

Councillors are also entitled to expenses where they are incurred in connection with their role as a councillor. These include travel expenses for travel outside the borough in respect of "approved duties", including for attending learning and development.

The Council is required to make available the amounts paid to each councillor in respect of basic, special responsibility and dependents' allowances for the previous year.

The figures for the year 2020/21 are available for inspection at the Council's offices during normal office hours and on the website:
