

Better places to live: high quality residential areas

1 Should all the homes on the High Path Estate be redeveloped?

As part of the transfer of homes from the London Borough of Merton to Circle Housing Merton Priory in 2010, a commitment was made to ensure all transferred homes met the Merton Standard. This included new kitchens, bathrooms, doors and windows where required.

When Circle Housing Merton Priory began to plan for the Merton Standards upgrades for High Path, their investigations and studies raised doubts on whether these improvements alone could bring the homes and the neighbourhood up to an acceptable, modern standard.

The Merton Standard works would not address issues such as poor insulation, dampness and condensation in the homes, overcrowding, parking, community safety and issues concerning the open and green spaces. Only homes owned by Circle Housing Merton Priory will be eligible for the improvements and leaseholders would be expected to pay for at least some of the upgrades. Any external issues on High Path would not be included.

Please select **one** of the following.

Option 1: Demolish and redevelop the entire High Path Estate

Redeveloping the whole estate would mean demolishing and replacing the existing buildings to provide a number of benefits, such as well-designed energy efficient new homes and general improvement to the neighbourhood, including connections to the surrounding areas.

Option 2: Partial redevelopment

Retain some buildings and redevelop the majority of the estate to provide a number of benefits, such as well-designed energy efficient new homes but with fewer benefits to the neighbourhood.

Option 3: Invest in existing properties to bring them to minimum modern standards

Refurbish all Circle Housing Merton Priory and leasehold properties to ensure they meet current minimum housing standards, and have reasonable kitchens, bathrooms, windows, wiring and insulation. All leaseholders would have to share the costs of this work. This would not include changes to the outside areas.

Option 4: Other, please state

Please note that the following questions relate to partial or full estate redevelopment. Should you decide to select the third option at Question 1, we would encourage you to respond to all the questions within this questionnaire as receiving all your feedback is important to us.

2 What size of homes should be provided within the High Path estate?

Please select **one** of the following.

Option 1: Mix of different sizes of homes

Provide a mix of different sizes of homes consisting: around 33% one bedroom, 32% two bedrooms and 35% three or more bedroom homes. This option reflects Merton's current policy to encourage a mix of dwelling sizes.

Option 2: If you do not agree with this mix, how would you change it?

PREFER MORE x 2-BED
HOMES + FEWER 3-BED
HOMES TO BE BUILT

3 What type of homes should be provided across the estate?

At the moment there is a wide range of different types of homes on High Path including flats, maisonettes and houses. If the regeneration plans go ahead the existing homes would be replaced and additional new homes built. What type of homes do you think High Path will need in the future?

Please select **one** of the following.

Option 1: A mix of mainly houses and flats on different parts of the estate

Better places to live: high quality residential areas

Option 2: A wide range of homes including a mix of houses, flats and maisonettes

Option 3: Mostly flats

Option 4: Other, please state

towards Merton High Street to the north of the estate.

Option 3: Variety across the estate
Please select **one** of the following

Some taller buildings evenly spread across the estate in general, amongst mainly lower buildings.

Taller buildings towards the centre of the site.

4 How should building heights be distributed through the High Path estate?

Currently building heights on High Path vary from two storey houses to 12 storey tower blocks. If the regeneration goes ahead, agreeing the height of new buildings will be important. That decision will need to take into account the relationship between High Path and the surrounding areas, local opinions, planning policies, how many homes are to be built and how to ensure there is enough open and green space for High Path to be a pleasant and attractive place to live.

What do you think about building heights?

Please select **one** of the following.

Option 1: Evenly across the estate
Buildings should be broadly similar height across the estate.

Option 2: Taller buildings around the edges
Please select **one or more** of the following

Taller buildings should be located by the roads to the south (High Path / Merantun Way).

Taller buildings should be located towards Abbey Road to the east of the estate.

Taller buildings should be located towards Morden Road to the west of the estate.

Taller buildings should be located

5 Are there any other issues or options we should consider regarding new homes?

Please feel free to continue on the sheet provided at the end of this questionnaire.

No Tower Blocks!

THEY ATTRACT ANTI-SOCIAL

BEHAVIOUR AND

VANDALISM

THE 3 TOWER BLOCKS

(HOPSON, PLAY + MARSH)

DEFINITELY NEED TO

BE DEMOLISHED.

THEY ARE PAST THEIR

USEFUL LIVES + ARE

UGLY TO LOOK AT.

People and spaces

6 What type of outdoor space would you prefer to see within the estate?

Multi-use games areas such as fenced, hard surfaced areas for 5 a-side football, netball, tennis or similar sports.

King Georges new ball court - 10/05/06

All homes will be required to have some private space: all flats with balconies and all houses will have gardens. In addition, flats must have access to communal gardens. The estate also needs parks, playspaces and open spaces to serve its residents and the surrounding area. As there is a limited amount of space available, a balance therefore needs to be struck between the provision of private outside space for residents and public open space for everyone.

Please select **one** of the following.

Option 1: Concentrate on providing communal space for individual groups of flats

This would be communal gardens available for groups of flats and not open to the general public.

Communal gardens such as areas with planting and seating suitable for picnicking and where ball games might be prohibited.

girlings.co.uk/development/100517-peambrook

Option 2: Provide a single public open space for everyone to enjoy

This would be open to the general public. Communal gardens for groups of flats would remain, but may have to be significantly smaller to accommodate land for a public open space.

Option 3: Other, please state

Children's play equipment

thehills.nsw.gov.au/defaultImageLibrary

7 What types of play areas and open space would you prefer to see?

Please select **a maximum of two** from the following.

Sports pitches such as grassed areas suitable for kickabouts and picnicking.

concordsportscentre.com.au/football

Other, please state

Getting around

10 How should greater use of public transport be encouraged?

Please select **one or more** of the following.

Provide better bus facilities such as increased bus stops and bus frequencies, improved bus stops travel information

Provide better walking routes to rail, tube, tram stations, shopping areas, open spaces and community facilities such as well lit, safe, convenient and well maintained footways

Provide incentives to help residents use public transport more such as taster pre-pay oyster card and special rail deals

Provide personal travel advice

Other, please state

11 Walking and cycling are healthy life style choices. How can we support this?

Please select **one or more** of the following.

Provide well-connected, attractive and safe cycle routes and footpaths

Provide safe and convenient crossings of busy roads and junctions

Provide secure and convenient cycle storage

Provide cycling training and support, to encourage people to switch to cycling

12 How should parking be managed?

Please select **one or more** of the following.

Introduce parking controls to ensure that residents and their visitors can park near their homes as well as to protect access and road safety such as Controlled Parking Zone; double or single yellow lines to ensure that residents and their visitors can park near their homes as well as to protect access and road safety

No parking restrictions

Reduce the need for parking spaces by providing alternative ways for residents to access a car when needed such as car clubs

13 Are there any other issues or options we should consider regarding the transport?

Please feel free to continue on the sheet provided at the end of this questionnaire.

PARKING FOR RESIDENTS
ON THE ESTATE SHOULD
BE FREE.
