Call for Sites Consultation

From 15th July – 9th September

Section A:

'Call for Sites' Introduction

Following the recent adoption of Merton's Core Planning Strategy, we are starting preparation of a Sites & Policies Development Plan Document (Sites & Policies DPD). As illustrated in figure 1 below, we are at the early stages of development for the Sites & Policies DPD, and we are currently at the 'Call for Sites' Stage.

As part of the 'Call for Sites' stage, we invite landowners, developers and other interested parties to suggest sites likely to have potential development or redevelopment between 2011 - 2026. By engaging at this stage of the consultation process you will be able to submit proposals for consideration for site allocation(s), for future use or development of land such as:

- Housing;
- Employment;
- Retail;
- Leisure;
- Community uses;
- Art, culture and tourism; and,
- Mixed use development.

Also, at this stage we invite you to highlight any development management issues for consideration as part of preparation of the development management policies, which will form part of this Sites & Policies DPD. Suggestions could include proposed policies to guide the design of shop frontages and change of use.

Submitted sites and proposals should have a reasonable prospect of coming forward in the period up to 2026.

What is the 'Call for Sites'?

The 'Call for Sites' Consultation is an eight week formal consultation period (from 15th July to 9th September 2011). Interested parties can suggest sites in the borough for development or for change of use; these sites should have a realistic prospect of being developed by 2026.

What is the Sites & Policies Development Plan Document (DPD)?

The Sites & Policies DPD will form part of Merton's Local Development Framework. Once adopted, the Sites & Policies DPD will replace existing 'saved' policies and specific site allocations in Merton's adopted Unitary Development Plan (2003).

The Sites & Policies DPD will set out the general approach to development; the use of land and buildings in the borough and to provide guidance for development management to support the effective delivery of planning decisions and allocate sites in Merton. The Sites & Policies DPD and the accompanying Proposals Map will allocate land for development and for particular uses. The Proposals Map will be revised each time a DPD with spatial expression is produced.

How should I respond to this Call for Sites Consultation?

Should you wish for us to consider a site within the LB Merton, please complete and submit a 'Site Identification Form' which is provided in Section B of this consultation document and a map clearly identifying the site boundary. At this initial assessment phase, there is no threshold (for instance, no minimum or maximum site size) restricting sites that would be considered, although we will reserve the right to place a threshold on sites that will be included in the Sites & Policies DPD in the future.

How will the information I have submitted be used?

Submitted sites and the accompanying information will be reviewed and assessed objectively by the council against the aims and objectives of the Core Strategy and consistency with the overall spatial strategy, to evaluate if these sites should be potentially included in the Sites & Policies DPD. Only appropriate and deliverable sites will be taken forward in the Sites & Policies DPD.

What will happen when I submit a response form to this consultation?

Information provided will be used to inform the Sites & Policies DPD and other DPD(s) which form part of the council's emerging Local Development Framework. We are aware that some of the information that we are requiring is commercially sensitive, therefore this information will not be passed onto third parties and only used for strategic planning purposes.

What happens next?

We may contact you after the consultation period to discuss your submission(s); as we may require further information and/or to invite you to a consultation workshop or meeting. As detailed in Figure 1: Merton's progress with the Sites & Policies DPD, the next stage will be another Public Consultation on the draft DPD, which will take place between January and March 2012.

- Sites put forward for consideration should be submitted on the **Site Identification Form** which is located in **Section B** of this consultation document. This form is available for download in both PDF and Word format from Merton's website. Maps clearly identifying the site boundary (ordinarily the boundary edged in 'red' colour font) should be submitted with the Site Identification Form. **We will only accept sites for consideration that are submitted for consideration via this Site Identification Form.**
- In addition to the Site Identification Form, if it is felt that additional information needs to be submitted, this should be provided in no more than 5 sides of A4 paper. Should we require further information, we will contact you.
- Although we appreciate that you may not have all the required information for the site, the more detailed information you can provide us with, will help us to effectively appraise and consider the site's suitability for inclusion in the Sites and Policies DPD.
- **We cannot accept anonymous or confidential submissions**, as we may need to contact you in the future; for further information and/or to invite you to attend consultation workshops. You may prefer to use an agent to act and submit site proposals on your behalf. Agents, for example, would include a planning or surveying consultant, architects, solicitors, estate agents and a family member.
- Submitted sites should not have planning permission for development unless a new and different proposal is likely in the future.
- There should be a reasonable chance that the site(s) submitted will become available for (re)development in the period up to 2026.
- Sites submitted should be located within the London Borough of Merton administrative area. However if any sites submitted cross Merton's administrative boundary into a neighbouring local authority area, we would also need to know the full extent of these sites.
- Sites proposals put forward for future development or change of use will not necessarily be selected for inclusion in the Sites & Policies DPD.
