

From: Rabagliati. A

Dear Merton Council.

Many thanks for circulating this document.

I would like to make a comment regarding the Wimbledon Greyhound Stadium site.

I would like to support strongly what I understand is the position of Merton Council at present, that the usage of this site should be restricted to enhancing its sporting use.

I believe that a crucial aim of the Council should be to maintain and enhance high-profile sporting activities within the borough. Specifically this means finding a home for AFC Wimbledon as well as maintaining where possible facilities for Greyhound and associated motor sports racing.
