Dear Kate

Thank you for contacting schools. Much appreciated

My immediate feedback is the total lack of recognition of the needs of disabled people.

I live in a Raynes Park. You try pushing a wheel chair even to Holland Park from Pepys rd The railway station accessibility non existent .. you cannot park outside Sainsbury's at certain times when the parking is offset... from the road. But most of all disability accessibility is huge

Thanks

Best wishes

Julia

Dear Future Merton

I would like to feedback the absence of disability accessibility in your plans especially for Raynes Park
Secondly the absence of an education strategy/ careers for a growing economy and economic well
being of young residents eg on apprenticeships

Lastly a separate well being strategy

It is not seem very dynamic and inclusive.

It would not allow me to access the feedback form hence my email.

Best wishes

Julia
