

Haydon's Road Parade Public Realm Improvements

Works Notification Letter
December 2023

Cllr Stephen Alambritis MBE
Cabinet Member for Transport

Dear Resident / Business,

The purpose of this newsletter is to inform you that Merton Council will be carrying out public realm improvements on Haydon's Road Parade between its junction with Gap Road and Cromwell Road.

The measures are shown on the plan overleaf and include:

- Narrowing the junctions of Cromwell Road, Kohat Road and Kingsley Road and replacing the block paving entry treatments with asphalt surfaced tables. Narrowing the side roads will improve safety for all user groups. The central island on Kohat Road is proposed to be removed.
- Narrowing of the junction of Haydon Park Road and proposed raised tarmac entry treatment.
- Repaving and widening the footway with high quality sandstone paving slabs.
- Existing loading and parking bays to be retained and converted to granite sett bays on the pavement. These will serve businesses and widen the pavement when the bays are not being used by vehicles.
- Introduction of semi mature trees at various locations subject to underground utilities.
- Cycle stands and bollards to be placed strategically to prevent vehicles mounting the footway.
- E-bike and E-Scooter parking pavement bay on Haydon Park Road near the junction with Haydon's Road.

Date and Time of Works

The works are scheduled to commence on **8th January 2024** and are expected to take **6 months to complete**.

The construction work will generally be carried out between the hours of **8am and 5pm, Mondays to Saturdays**. FM Conway Ltd will carry out the works on behalf of the Council.

The junctions of Cromwell Road, Kohat Road, Kingsley Road and Haydon Park Road will be closed to vehicular traffic during the construction of the raised entry treatments. During this period localised diversion routes will be in place and notices will be displayed on the street in advance of the closures.

FM Conway Ltd will erect information boards on site and their staff will be able to update you on the progress as the works proceed. Please do not hesitate to ask the staff on site should you require any assistance. Merton Council and F M Conway Ltd apologise in advance for any inconvenience caused. Please note that access to properties will be maintained at all times.
