21st March 2024

Dear All,

My name is Miss Rathy Alagaratnam and I object to MM62 Plan Mitcham Gasworks.

The reason is because the 10 storey with 665 houses are both high and dense and is not keeping with the local Area.

The Local people living around have already rejected the plan for 9 storey and all the evidence has already been give to Siobhain Mcdonagh MP.

No to MM62 Plan

Instead we would welcome buildings of 2 storeys with a total of 200 /400 homes which would fit in with the existing houses in the neighbourhood.

Being Ward Councillors, I am writing to you to object to the changes. As Evidenced by the Street Audit, this has been universally rejected by the local people.

Kind Regards,
