Subject: P05-04 Consultation on main modifications to Merton's draft Local Plan - (Ref: statutory consultees (EA, HE and NE) -SA and HRA) - archaeology
Date: 15 March 2024 11:06:09

As a Non-Designated Archaeology Advisor, I have considered the proposed additions and deletions as contained within the following four documents:

lbm29_schedule_of_main_modifications_dated_january_2024

While it should be noted that my Historic England policy team colleague will respond under separate cover, I note on page 118, *Topic 7: Heritage (including landscape, architecture and archaeological heritage)* my comment is that the scope of 'archaeological heritage' should reference both statutory designated and non-designated heritage assets.

lbm30_schedule_of_additional_modifications_dated_january_2024

While it should be noted that my Historic England policy team colleague will respond under separate cover, I specifically note and support on page 70, AM354 p.627 the changes regarding Archaeological Priority Areas.

lbm31_mertons_local_plan_incorporating_proposed_modifications_february_2024

While it should be noted that my Historic England policy team colleague will respond under separate cover, I support this document.

lbm32_sustainability_appraisal_of_mertons_local_plan_dated_january_2024

While it should be noted that my Historic England policy team colleague will respond under separate cover, I support this document.
