

We are changing how we look

Merton Council has a new logo. From December 2023, you will start to see the new logo.

Our website and social media will use the new logo, and new shades of our purple and green colours.

Some of our leaflets, signs or posters and the letters you receive from us will start to look different too.

But lots of things will stay the same

The services you receive
will stay the same.

If we are making any other
changes, we will contact
you to let you know.

If you are worried about
anything you receive from
the council you can:

- speak to your
support worker, or
- telephone the council
on 020 8274 4901
