Subject: Objection to MM62 Mitcham Gaswork
Date: 21 March 2024 10:35:41

Hi,

I'm writing this to express my objection to MM62 Mitcham Gaswork. I am currently a resident of MIitcham and I live very close to the site,

I'm very concerned about the proposal as it would change the aspect of the village and would cause major issues to the area. We cannot accept such tall buildings and the overcrowding would be intolerable for the already little service we have.

I hope the MP and the councillor will take in serious consideration my concerns on the matter.
