Proposed Development

T1-Silver Birch

Neighbouring tree located in Welford Place.

Lateral crown spread previously reduced, with extensive regrowth over the boundary line.

Suggested works are to reduce lateral crown spread over Renshaw Court, back to the previous pruning points 1-2m from branch tips.

T2-Cherry

Neighbouring tree located in Welford Place.

Lateral crown spread touching the building of Renshaw Court and leaf drop incurs costly gutter cleaning on a regular basis.

Suggested works are to reduce the lateral crown spread over Renshaw court by 2-3m from branch tips, removing selected branches back to the main trunk to

prevent this happening every year. Maintain as natural and flowing a canopy outline as possible.

T3-Bay group

As above, belonging to Welford Place and encroaching on Renshaw Court.

Suggested works are to trim lateral spread back to the boundary line and reduce heights by 3m from branch tips.

T4-Apple

Diseased tree, loose in the ground indicating root loss.

Suggested works are to fell to ground I
