

How to access our service

Our service is free and open to all Merton residents aged 18 or over, as well as their families and carers.

You can come in person or contact us by phone. Any professional like a housing support worker, social worker or nurse can also make the referral on your behalf.

You will be able to talk to one of our team who will help you decide which service best meets your needs.

Once your needs have been assessed, our team will work with you to create a care plan. We will regularly review and adjust your recovery care plan to make sure you always receive the appropriate support at the right time.

We also offer services to your family and loved ones so they can receive support and advice on how best to support you during your recovery.
