

# FAVOURITE TREE IN MERTON

We know that trees are essential to our health and well-being and can be beautiful and interesting, as is this fine False acacia *Robinia pseudoacacia* in Dorset Rd SW19.

Do you know of a tree or group of trees in the borough that you really like for whatever reason? If so, why not nominate it for the Favourite Tree in Merton competition and chance winning a prize?

It can be growing anywhere – a street, park, railway line or garden but must be visible from the public realm. It can be old or young, large or small and to nominate it you don't need to know the species - we will.

The Tree Warden Group Merton will inspect **all** nominations and the winner, which might be worthy of the protection of a Tree Preservation Order, will be decided by the borough's Tree Officers.

Whoever nominates the winner will receive a tree (12/14cm girth), planted by the council in a park or vacant tree pit of a street nearby.

The aim is to help people take more notice of their environment with special emphasis on trees. We have more trees in Merton than most London boroughs but we need to care for them to sustain our future.

## REASON FOR CHOICE

**Historical and cultural value** – we have trees in Merton possibly 1000 years old. What a story they could tell!

**Wildlife value** – not just birds and animals but bats, insects and other plants and fungi depend on trees for their very existence.

**'Townscape' or visual value** – how they contribute to our streets and how that varies with each season.

The competition is organised by Tree Warden Group Merton and LBM Tree Officers.

## MY NOMINATION

Species of tree if known:

.....  
Location (exact if possible, so we can find it!):

.....  
Description – approx size (height, spread) etc:

.....  
Reason for choice:

.....  
Your name:

.....  
Your address and/or email address:

.....  
.....

**Return by 30th September (each year) to:**

## TREE WARDENS

Tree Warden groups exist all over the country see <http://www.treecouncil.org.uk>. We are volunteers who in Merton are actively involved in planting, maintaining and protecting trees throughout the borough and are always happy to welcome new members. Please contact us for details: [enquiries@treewardensmerton.org.uk](mailto:enquiries@treewardensmerton.org.uk)
