

Freedom of Information Act Annual Report 16/17

1. Summary

- 1.1. The Freedom of Information (FOI) Act was introduced with the purpose of making authorities and public bodies more open and transparent with the information they hold.
- 1.2. The FOI Act and the Environmental Information Regulations (EIR) are very similar and are dealt with through the same process. The figures given below are for both FOI and EIR requests.
- 1.3. Public Authorities are required respond to FOI/EIR requests within 20 working days from the day after the request was received. The deadline for responding to requests may be extended where authorities are considering the public interest test.
- 1.4. All requests must be received in writing, via Merton Council's dedicated online form or email address.
- 1.5. In line with best practice, Merton is in the process of proactively publishing more data and information online through the open data portal (<https://www2.merton.gov.uk/council/dp-foi/opendata.htm>). There is also a disclosure log published online showing all requests received and responses issued (<https://www2.merton.gov.uk/council/dp-foi/foi/recent-information-requests.htm>).

2. Performance Information by calendar year

- 2.1 Between April 2016 and March 2017 Merton responded to a total of 1633 requests, an increase from the previous year. 84% of responses were sent within 20 days. The following table shows the performance across the past 3 years.
