O-D Surveys were undertaken for 10 cordon points around Wimbledon Town Centre. Data was collected in 15 minute time slices and where possible, the point at which a particular vehicle entered and departed the cordon area was recorded in order to provide origin to destination trip data. The survey method involved the collection of part of the Registration Number Plate of a 100% sample of vehicles that pass through each of the 10 sites.

Cordon Points No.	Locations
1	Parkside north of Queensmere Road
2	Church Road north of Bathgate Road
